## TOP 5 REASONS TO SIGN UP FOR the 2010 IR GLOBAL RANKINGS

- 1) **UNIQUE RANKING SYSTEM:** IRGR is the sole investor relations ranking system based on technical reviews (not opinion surveys or polls) and is supported by the input of audit and legal experts. IRGR is a unique way to have an external review and positioning of your investor relations and financial communications efforts among best practices among leading companies worldwide.
- 2) **INDIVIDUAL FEEDBACK:** Participants who choose to acquire the individual feedback report will receive detailed suggestions for improvements where applicable. This report can be discussed later in a private conference call with the IRGR staff, upon request by the participating company.
- 3) **SOLID BENCHMARKING:** By registering for IRGR, your company will be ranked among companies worldwide in all industries. Our extensive client base allows us to identify, rank and disclose the best IR communication programs in the world. Only positive examples are publicly disclosed.
- 4) **HIGH TRANSPARENCY:** Evaluation criteria and results are available on the IRGR website. IRGR analysts are responsible for performing a thorough analysis and an independent technical committee will review them in their entirety;
- 5) **GREAT RECOGNITION:** Best ranked companies will be recognized in Award Ceremonies around the world. IRGR widely discloses top ranked companies through global media wires done by

PRNewswire -- the largest news distributor in the world. Best cases will also be highlighted in the IR Global Rankings magazine that is freely distributed in the capital markets community.

To learn more about the 2010 IRGR or to download the 2009 IRGR magazine with winners and best practices, please visit [www.irglobalrankings.com](http://www.irglobalrankings.com) or type IRGR <GO> into the Bloomberg Terminal.

**About IR Global Rankings** ([www.irglobalrankings.com](http://www.irglobalrankings.com)): *Solid communication with the investment community is a key priority for investor relations and corporate governance professionals, once value creation (stock prices) and risk perception can be managed. The implementation of best practices in communicating with the capital markets and fair disclosure procedures do help companies in earning and maintaining investor confidence. The annual IR Global Rankings and Awards survey is the most comprehensive auditing and ranking system for IR websites, corporate governance practices and financial disclosure procedures - a great opportunity to benchmark IR efforts vis-à-vis peers and industry leaders. Based on extensive proprietary research of publicly held companies and investors, and supported by input from independent audit, corporate governance and legal experts (KPMG, Arnold & Porter, Demarest, Mattos Filho and Barbosa Müssnich), MZ's methodology is highly detailed, transparent and fully accessible to all participants. The annual IR Global Rankings and Awards has grown each year since 1999.*
